

CODINGTON COUNTY WEED & PEST SPRAY NOTIFICATION

The Codington County Weed and Pest Department will be spraying State, County, and Township road ditches this spring and summer starting in May. The County will be spraying products such as 2,4-D, Tordon, Plateau, and mixtures of them. Depending on the product and rate there will be haying restrictions from zero to thirty days. If you are haying roadsides and want information regarding haying restrictions at that location or have other questions, call the Codington County Weed and Pest Office for more information. Please have the legal description of the property ready so information is correct for the location requested.
